

WOOD DOORS

STOCK OFFERINGS

MASONITE
DOORS THAT DO MORE.

BWI
DISTRIBUTION
by Masonite

We help people walk through walls

Together, Masonite® and BWI Distribution are committed to delivering unsurpassed performance and interior doors through full service door solutions that provide unmatched performance with eye-catching appeal. We want to provide not just a door, but a total experience, giving you a complete line of products, services and support tools designed around your success.

We are your leading source for the latest trend insights and design ideas, delivering products that keep pace with industry demand while providing exceptional service and value to independent building material retailers. Our comprehensive selection of door and glass options meets any performance, material and design need, so you always have the right answer for your customers.

YOUR TRUSTED PARTNER

Masonite & BWI are not just trusted leaders in wood doors; we are powerful partners who help you create more inspiring customer experiences and stronger business results.

As the premier distribution arm of Masonite Doors in the Northeastern part of the USA, BWI is known for our consistent quality, exceptional customer service, and highly professional sales and support staff.

MASONITE
DOORS THAT DO MORE™

With over 400 employees, multiple fabrication and distribution facilities, and a huge fleet of vehicles, we are able to offer greater inventory and better lead times than ever before.

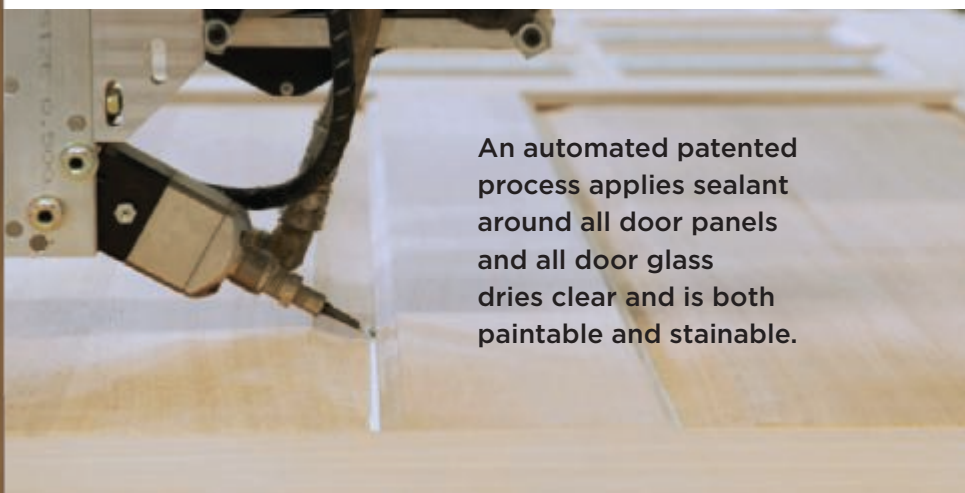

BWI's commitment to innovation gives our customers access to state-of-the-art equipment and technology. Our user-friendly PartnerView system offers 24/7 access to on-line inventory review and ordering, while our electronic warehouse management system allows tracking of shipments from order entry to delivery. Whatever the need, BWI continues to offer cutting-edge solutions, the best selection and the most current products in the industry.

Visit us on line at **www.bwi-distribution.com**.

DuraStyle® Exterior Wood Doors With AquaSeal™ Technology

THE CLEAR DIFFERENCE

The difference is clear: AquaSeal™ can deliver up to 22 times the protection against water penetration compared to exterior wood doors without AquaSeal™, preserving the door's natural beauty.

An automated patented process applies sealant around all door panels and all door glass dries clear and is both paintable and stainable.

AquaSealed Glass and Panels

Ordinary wood doors
let water in

DuraStyle wood doors
keep water out

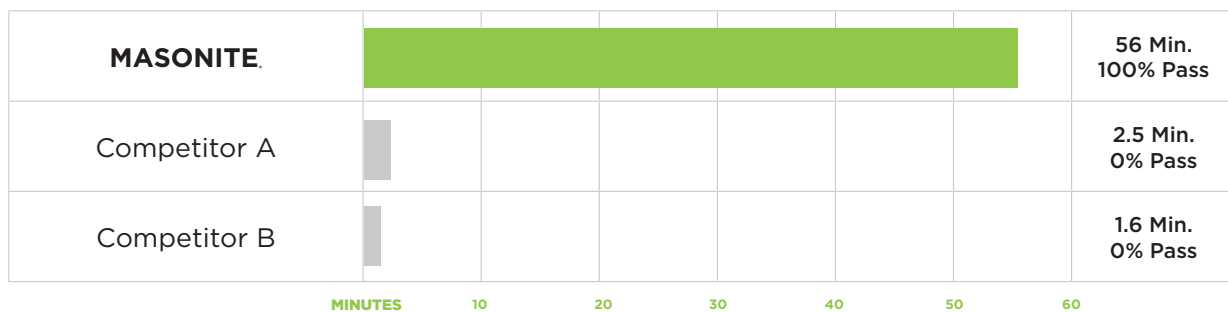

**5
YEAR
LIMITED
WARRANTY**

Superior construction with AquaSeal™ Technology means one of the best performing exterior wood doors on the market backed by a 5-Year limited warranty. Torrefied species & insulated glass come with a 20-Year limited warranty.

CERTIFIED THIRD-PARTY WATER PENETRATION TEST

When subjected to extreme wind and water, DuraStyle® Exterior Wood Doors with AquaSeal™ Technology resisted water penetration up to 22x better than ordinary wood doors.

TEST: ASTM E331 WATER PENETRATION OF EXTERIOR DOORS BY UNIFORM STATIC AIR PRESSURE DIFFERENCE
 Test measures water penetration at 8" of water and 24 mph winds - lasting 15 minutes in this condition is considered passing.
 All doors finished according to the manufacturer's finishing instructions.

Speak to your Sales Manager for additional product details and availability.

STILE AND RAIL DOORS DEFINED

STILE: vertical pieces of the door

RAIL: horizontal pieces of the door; includes top, bottom, and sometimes lock rails

PANEL: pieces that fit within the surrounding stile & rail frame that come in different profile designs - single-hip, double-hip, and flat

STICKING: the design of the profile edge on the stile and rail; ovolo is carved and rounded; shaker is straight and squared

MULLION: narrow vertical sections between panels

MUNTIN: slim vertical pieces used to separate panes of glass

BWI's pre-hanging facilities offer prehung door units in a variety of jamb options and species.

Prefinish Options

Start with the **FINISH**

Stain & Paint Selections

Unrivaled quality, performance and value.

For over 30 years, BWI has supplied specialty millwork to independent retail establishments. In 1996, BWI Fine Finish was established to help homeowners make their visions a reality.

Creating a custom door system has never been easier. We partner with Masonite to provide beautiful door designs that complement any home. Our relationship with Sherwin Williams allows for seamless customization using paint or stain. Finally, our climate-controlled facility delivers the superior finish with consistent applications and quick turnarounds.
